

AirFree™ Dispense Components Bulk Packed

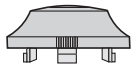

AirFree™ mechanical dispense components ensure smooth and consistent dispensing of assembly fluids. Our Customer Service Representatives are ready to assist with questions or sample requests, call **800-433-2115**

Barrels Reservoirs without Pistons

Available in: Clear for regular fluids;
Black for visible light cure fluids;
Amber for UV cure fluids.

Size	Clear	UV Block Amber	Opaque Black	Quantity Per Pack
3cc	A012051	A012091	A012021	Bulk
5cc	A013051	A013091	A013021	Bulk
10cc	A014051	A014091	A014021	Bulk
30cc	A016051	A016091	A016021	Bulk

SureLok™ Retaining Rings

The unique multi-legged design firmly locks the barrel into place eliminating any possibility of system pressure loss during dispense.

Size	Retaining Ring	Qty Per Pack
3cc	D400001	Bulk
5cc	D410001	Bulk
10cc	D420001	Bulk
30cc	D430001	Bulk

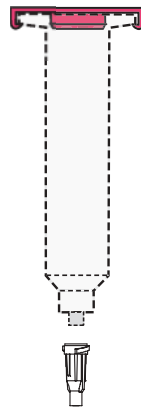

PosiLok™ Engageable Pistons

Polyethylene pistons seal the dispense chamber containing fluid and fumes. A sturdy PosiLok™ connection with the lead screw, this high interference piston makes positive displacement from a syringe possible.

Size	Clear	Opaque Black	Qty Per Pack
